Eight tables were arranged for bridge, which was the popular diversion of the afternoon. Mrs. G. W. McKnight received the guests at the door and receiving in the hall were Mrs. Brooks, Mrs. Russ and Mrs. Barnard.

LOVELY BIRTHDAY PARTY GIVEN—

Mrs. Oswald Dowling entertained at a pretty party for children, Thursday afternoon when the birthday of her little daughter, Martha Frances, was celebrated. The home for this occasion was decorated with a profusion of summer flowers, a color motif of pink and white predominating. The same color scheme being carried out in the refreshments. Mrs. Dowling served each little guest with punch. Her favors were in the form of bright colored paper caps were given each child and worn during the party. A number of out door games and contests that are dear to childish hearts was enjoyed. Late in the afternoon the children were invited into the dining room. The birthday table was beautifully decorated, the central adornment being a large birthday cake which held three tiny candles in pink rose bud holders. A delicious ice course was served. About fifty little girls and boys enjoyed this happy occasion.

BIRTHDAY CELEBRATION

The 2nd day of August, 1926 being the 81st birthday of Uncle G. M. Fowler, early in the morning his children, grandchildren, neighbors and friends began to gather, some from Enterprise, some from Antton, some from Midland City. Here they were meeting each other and having a jolly good time. At the same time Uncle Green was a busy as could be preparing to make all his guests pleasant and comfortable. At the noon hour Elder Grider of Troy came and gave a nice talk appropriate for the occasion. Dinner was prepared under the shade trees of the yard, about 113 taken dinner, and had plenty and some left. Uncle Green says he wants many more such birthday dinners. But he wants them to come once a year at least.

Billious dull feeling

"My old standby is Theodor's Black-Draught—I have used it off and on for about 20 years," says Mr. W. S. Reynolds, of R. F. D. 2, Arcadia, La.

"I got bilious and have a bad taste in my mouth. My head feels dull. I don't just feel like getting around and doing my work. I know it isn't laziness, but biliousness."

"So I take a few doses of Black-Draught and when it acts well, I get my feeling like new—full of pep and ready for any kind of work."

"I can certainly recommend it to anyone of biliousness and other disagreeable conditions due to an inactive liver. Black-Draught purifies out of the system and tends to leave the organs in a state of normal healthy activity."

"Black-Draught is made entirely of pure medicinal herbs and herbs and contains no dangerous or harmful mineral drugs. It can be safely taken by everyone."

**FORMER HEALTH COMMISSIONER
ENDORSES PELLAGRA TREATMENT**

Dr. W. C. Rountree,
Tomball, Texas

Dear Doctor:—For the sake of those suffering from this dreadful dis-
ease, I feel that I should make a statement of my experience and
opinion. I have been a practicing physician for 25 years, more than 15 years of which
I have been connected in some way with the Health Department. It was during
my tenure of office as State Health Commissioner for Oklahoma, that I
first became acquainted with Pellagra. I have since that time been
convinced that the disease is caused by a deficiency of the vitamin B
in the diet. I have seen many cases of Pellagra, and I have seen
many of them cured by the use of the treatment which I am now
advocating. I believe that the treatment which I am now
advocating is the only one that will cure the disease. I believe
that the treatment which I am now advocating is the only one that
will cure the disease. I believe that the treatment which I am now
advocating is the only one that will cure the disease.

At this time my attention was first called to your work and I saw
the world cases permanently relieved by the treatment. I remember, in one in-
stance, a lady who had lost her mind. She was weak, nervous, emaciated,
could not sleep or eat and what she did eat disturbed her digestive organs, she
had constipation alternating with diarrhea, skin brown and copper colored. In
fact she had all the symptoms of Pellagra except the rash. She was directly
under my observation before and after taking treatment and I know that she
was permanently relieved by my medicine.

I have followed up your work closely since then and have never seen a
case of Pellagra that your treatment failed to relieve. It is my conclusion
that you have the only effective cure for the disease. I feel that you are
entitled to the unqualified endorsement of the medical profession and of the
Health Departments for I truly believe that your treatment will relieve the
suffering of thousands of people who are afflicted with this terrible disease.
In State Asylums today mental trouble could be relieved and the patient
restored to the family and loved ones if allowed to take your treatment.

Respectfully,
A. D. DAVENPORT, M. D.

who was elected a year ago
where he lived at Elba; but

Another annual convention
in Auburn during the week
was that of the Alabama Pecan

grower of Selma, was re-
elected vice-president; and

secretary.

Farm women were in session
in Auburn during the week.
Along with a full program of

**FOUR MILLION FORDS
BUILT IN TWENTY-FIVE
AND HALF MONTHS**

Another million mark in
Ford production was passed on
August 21, when motor vehicles
No. 10,000,000 came off the assembly
line at the Fordson plant of the
Ford Motor Company.

Some idea of the present
enormous production of Ford
cars is obtained when it is re-
called that it was a little more
than two years ago, June 4th,
1924 that the famous Ten Mil-
lion Ford was produced, an
event which was celebrated by
driving the car across the coun-
try from New York to San Fran-
cisco in the Lincoln Highway.

In the twenty-five and half
months elapsing since that
time Ford output increased 4-
fold.

The first Model T Ford was
turned out on October 1, 1908,
and it was not until seven years
later, Dec. 10th, 1915 that the
first million was reached.

Miss Clyde Marsh of Sam-

guest of Mrs. J. M. Whitman
was the inspiration for a lovely
party given at Mrs. Whitman's
home Saturday evening.

The living room was attrac-
tively decorated with cut flow-
ers and ferns. Here tables were
arranged for rook games. De-
licious punch and sandwiches
were served by Messrs Doris
Whitman and Elma Conner.

**A
"RARE"
Opportunity**

Sometimes arises to stretch the imagination; one of
our regular "Knights of the Grip" was telling us of
a new furniture clerk who when told by a lady cus-
tomer that she wanted something nice IN OIL for
her dining room, answered: "Certainly, ma'am—
I would like to see a box of sardines!"

THE RARE OPPORTUNITY that we want to tell you
about is the chance to secure Goodyear tires at re-
duced prices. The man who equips his car with
tires of known mileage and reputation is the man
who very wisely guards against tire trouble.
